## PERSONAL STATEMENT

Excited to become a software developer. The day-to-day problem-solving inspires me to think in creative ways when writing different pieces of code. I want to learn more about development and keen on expanding my current language knowledge.

## EDUCATION

### University of Essex – Accounting (with Placement)

2017 - 2021

- Expected First and included on the Dean's List for excellence

### National Trade and Banking High school – Diploma grade 5.75
